OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

JUL 18 2017

OPP Decision Number: 528881
EPA File Symbols: 88746-A
Product Name: Ignite SC
EPA Receipt Date: 4/25/2017
EPA Company Number: 88746
Company Name: Solutions Pest & Lawn

Solutions Pest & Lawn
c/o Jane Miller, Agent
Biologic Consulting, Inc.
115 Obtuse Hill Road
Brookfield, CT 06804

Dear Ms. Miller:

The Agency has completed its preliminary technical screening of your application pursuant to Section 33(f)(4)(B)(i)(II) of the Federal Insecticide, Fungicide, and Rodenticide (FIFRA), as amended by the Pesticide Registration Improvement Extension Act. The Agency has determined that your application did not pass the preliminary technical screen and therefore must be rejected.

Specifically, the Agency identified Child Resistant Packaging (CRP) as a requirement in its acute toxicity review due to the acute oral toxicity and proposed residential uses. Your resubmission to address the original 10-day letter included CRP data reportedly conducted on a "60 ml HDPE ROUND BOTTLE". Since this packaging is not the same as the packaging you have proposed for registration of EPA File Symbol 88746-A, these data are not sufficient to address the CRP requirement.

Any future submissions to the Agency will be considered a new application and subject to the full registration service fee, as well as another initial content screen and preliminary technical screen.

You may be eligible for a partial refund as a result of your application's rejection for failure of its preliminary technical screening. Consult the Agency's Refund Policy at: <http://www.epa.gov/pesticides/fees/fee-reduction-guidance.pdf>. If you believe you are entitled to a refund, submit a refund request to the appropriate PRIA ombudsperson identifying the rejected application by decision number(s) and PRIA category.

Decision: 528881
